DETAILED ACTION

Allowable Subject Matter

1. Claims 1 and 5-20 allowed.

The following is the Examiner's statement of reasons for allowance: The prior art fails to disclose the claimed coordinate mutual conversion module of independent claims 1 and 20, including the claimed mesh code, home position setting means, mesh code input means, and mesh code output, in combination with the remaining claim limitations.

The combination of the claimed limitations are novel and found to be allowable over the prior art. The cited references taken singly or in combination do not anticipate or make obvious the Applicant's claimed invention.

Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
